Using Agency SHA – State Highway Administration			Contractor Name, City State Marquez Trucking Inc. Silver Spring, MD	Contract Identifier & Project Title 42715F1417 Tractor and Hand Mowing of Roadsides and Medians at Various Locations for the Fairland Shop in Montgomery County	
Description/Remarks (Include reasons for contract modifications, if applicable, and indicate if extension or renewal option) Items 1001.1, 7001.1 – 7003.1: provide for the additional mowing services, and reduction of unnecessary mowing services respectively, so the District could have mowing operations continue in Prince George’s County despite both contracts for the County having been terminated. Both mowing contracts in Prince George’s County were terminated due to poor performance but mowing was still needed thus the District Office asked the Contractor(s) from the Montgomery County mowing contract(s) to perform additional work in Prince George’s County. The Contractor also continued regular mowing operations in Montgomery County and thus the Unit Days were used twice as fast, hence the need for the change order. The overall District Budget for mowing is not affected because the Prince George’s mowing contract(s) were not fully expended. This amount is projected to be sufficient to continue mowing operations using only the Montgomery County Contract(s) until the new Prince George’s County contract(s) can be awarded. The term of this contract is 11/19/2015 – 12/31/2017.

Using Agency MPA- Maryland Port Administration			Contractor Name, City State Bruce-Merrilees Electric New Castle, PA	Contract Identifier & Project Title 516004 Replacement of Dynamic Message Signs – Dundalk Marine Terminal	
Description/Remarks (Include reasons for contract modifications, if applicable, and indicate if extension or renewal option) This modification grants additional compensation for a differing site condition. The scope of work, prepared in 2013, called for termination of the fiber optic cable in the compute cabinet at the Personally Owned Vehicle (POV) Gate at Dundalk Marine Terminal. However, since 2013 additional fiber has been terminated in that cabinet and there is no room for new fiber. Therefore, the contractor was required instead to run the fiber to and terminate it in Building 91A, at an additional cost to the contractor. The term of this contract is 09/06/2016 – 06/26/2017.
